**T**his durable, quality engineered all purpose drop side bin tipping trailer has become an indispensable part of the South African farming way of life and particularly popular with sugar cane farmers

With it's rugged twin hydraulic cylinder powered all steel tipping bin and fully removable sides, the RoadKing GP8 has a potentially indeterminate life span under normal operating conditions.

Useful for carrying payloads comprising Fertilizer, lime, bales, veld rubbish, farm equipment, animals, vegetables and feed as well as pipes, tools, building material and almost anything else you can think of.

*RoadKing offers you, the customer, a choice of tyres to match your specific needs, a choice of colours to match your existing fleet and a choice of design modifications to match the job on hand.*
